

Sprint #2 Report

SPLITR - 02/8/21

Actions to Stop Doing

- The team should try to not put off work until the end of the sprint
- The team should try to stop showing up late to meetings

Actions to Start Doing

- The team should formulate coding standards to maintain clean/readable code

Actions to Keep Doing

- The team should continue to meet and check in regularly, because it keeps everyone on track.
- The team should continue to update tasks on Jira, since it lets members know what is done/not done.
- The team should continue doing pull requests and have members review each other's code so that we can produce higher quality of code.

Work Completed/Not Completed

- Completed
 - As a "payer", I want to be able to select what I've ordered so that I may pay for them
 - As a "payer", I want to be able to select which items i shared with other people and how many people i shared them with so that I am not stuck paying the full price by default
 - As a "payer", I want to be able to manually input the tip amount (percentage or cash) because it is not pre populated by default on most bills
 - As a "payer", I want my tax and tip amounts to reflect how much of the bill I was responsible for and for that amount to be added to my total cost so that I end up paying a fair share of these expenses
 - As a "payer", I would like to select an additional expense like delivery cost in case this was a group delivery order
- Not Completed
 - None

Work Completion Rate

- Total number of user stories completed during the prior sprint.
 - 5/5
- Total number of estimated ideal work hours completed during the prior sprint.
 - 17
- Total number of days during the prior sprint.
 - 14
- For the previous sprint, the user stories/day and ideal work hours/day figures should be reported.
 - Last sprint: Average 1 story per day working on the project
 - This sprint: 5/14 story per day, 1 ideal work hour per day
