Sprint #4 Report

SPLITR - 03/08/2021

Actions to Stop Doing

- The team should stop working off of stale branches
- Team members should stop skipping meetings without saying anything

Actions to Start Doing

- The team should notify one another if they cannot make it to a meeting in advance.
- The team should better estimate the workload for tasks, for ex. using Planning Poker

Actions to Keep Doing

- The team should continue to meet and check in regularly, because it keeps everyone on track.
- The team should continue to update tasks on Jira, since it lets members know what is done/not done.
- The team should continue doing pull requests and have members review each other's code so that we can produce higher quality of code.
- Team members should continue to finish their tasks early.

Work Completed/Not Completed

- Completed
  - As a "user" of the app, I would like to have a Delete All Button on the edit page to quickly delete all items
  - As a "user" of the app, I would like it the UI to be responsive across platforms so the experience is smooth no matter what size device I am using
  - As a "user" of the app, I would like the UI to be unique and pleasant to use to create a nice user experience
  - As a "user" of the app, I'd like my inputs on the payment page to be validated so I know that my formatting is correct

- - As a "user" of the app, I would like to share and use url's that can direct me to pre-populated tables so I don't need to have/upload the receipt image myself
    - As a "user" of the app, I would like to be able to overwrite prices without having to first delete the existing value
    - As a "user" of the app, I would like to be able to type in prices with the numeric keypad on mobile instead of the standard keyboard
  - Not Completed
    - None

Work Completion Rate

- Total number of user stories completed during the prior sprint.
  - 7
- Total number of estimated ideal work hours completed during the prior sprint.
  - 18
- Total number of days during the prior sprint.
  - 14
- For the previous sprint, the user stories/day and ideal work hours/day figures should be reported.
  - Last sprint: 1 story per day
  - This sprint: .5 story per day
